# Meet the future of Stainless Steel in VIENNA!

After the successful experience of Graz 2015 and Bergamo 2017, once again, the 11th European Stainless Steel Conference Science & Market and the 8th European Duplex Stainless Steel Conference & Exhibition will be jointly organized, as a single event, by ASMET, the Austrian Society for Metallurgy and Materials

The Conference will focus on all aspects of development, production technology (hot and cold rolling, heat treatment, etc.) and corrosion of stainless steels and duplex stainless steels and address delegates with both academic and industrial backgrounds. The results shall contribute to the advancement of existing and potential applications and will help to guide future development. The event will bring together developers, manufacturers and users of stainless steel from industry and academia and will compare the present and future needs to satisfy these demands now or in the future.

Short and medium term perspectives of European stainless steel flat and long products will be widely discussed during the Stainless Steel Market Outlook session.

## TOPICS

- Austenitic stainless steels
- Ferritic stainless steels
- Martensitic stainless steels
- Duplex stainless steels
- Metallurgy
- Simulation and modelling
- Corrosion and in service problems
- Surface properties
- Fabrication, forming and welding
- Applications
- Oil & gas applications
- Environmental aspects
- Design with stainless steels
- Market issues

**Scientific Chairman:**  
**Christof Sommitsch**  
TU Graz, Austria

**Organizing Committee:**  
**Bruno Hribernik**  
ASMET, Austria  
**Melanie Baumgartner**  
ASMET, Austria

**We are looking forward to welcoming you in VIENNA**
